

Metal Office have a unique flexibility in custom designed steel storage. We put this down to our highly talented, experienced team, state of the art UK manufacturing facility and can do attitude. Our 'white-label' approach to manufacturing enables our storage to integrate seamlessly with other workplace products and companies branding.

Being UK based with an in-house design team means that we take care of the whole process, working with you to bring your concepts to life. Please feel free to get in touch to discuss your requirements.

"Metal Office have been awarded a Bespoke Design Guild Mark in recognition of our excellence in British furniture design."
